Please limit responses to the questions to 200 words per question.

- 1. How do you see the relationships between the City and County Government?** I believe that the city and county should work together to provide governance for all of the people. There are some things that each entity does solely and some things that they both do in their own areas.
- 2. What are the top three priorities that you see in Saline County and how would you prioritize them?** 1) A safe and healthy working environment 2) Working to continue bringing infrastructure up to date without adding to the tax burden, and 3) Retention of professional staff who are trained to state and national standards.
- 3. What is your position on reimagining the City/County Building Master Plan?** I believe that we need to reimagine the use of buildings in the City/County Building Master Plan. Some of them have serious problems that cannot be corrected. Others may be used for alternative purposes other than originally intended. We may

be in need of some new buildings. This should all continue to be studied.
