Education: Master County Clerk Certification
National Certified Elections/Registrations Administrator
Mini-MPA Wichita State University
KAC Foundations in County Government Leadership
Leadership Salina

Please limit responses to the questions to 200 words per question.

1. What are top three priorities in Clerk's office that you want to focus on and how would you prioritize them?

My top priorities have always been election integrity, efficiency, modernization, and maintaining transparency to build public confidence. With a background rooted in a law enforcement family, I take great pride in public service, and upholding the law. I am highly detail-oriented and work diligently to ensure that not only our elections, but also our tax rolls and voter rolls are accurate and well-maintained.

2. As an Incumbent, what have you accomplished since you have been in office?

In January 2017, following my election in 2016, I took office and immediately implemented key initiatives to enhance the election process and preserve historical records. I secured new voting equipment that provides each voter with a verifiable paper trail, ensuring transparency and accountability. Our office now manages the programming of ballots internally, implemented electronic poll pads on election day to improve efficiency and increased accuracy, and I introduced a ballot drop box at the courthouse to make voting more accessible.

Additionally, I established a Saturday early voting option to accommodate those unable to vote during the week. To enhance election security, I increased the chain of custody for ballots and equipment. Beyond election management, I spearheaded the digitization of historical commission minutes dating back to the 1860s, as well as many other records. With the support of my office, we consolidated and scanned years of documents, making them more accessible and preserving them for future generations.
